- the impact of future governmental and regulatory actions upon our participation in and execution of government programs related to the COVID-19 pandemic;
- Park's ability to execute our business plan successfully and within the expected timeframe as well as our ability to manage strategic initiatives in light of the impact of the COVID-19 pandemic and the various responses to the COVID-19 pandemic;
- general economic and financial market conditions, specifically in the real estate markets and the credit markets, either nationally or in the states in which Park and our subsidiaries do business, may experience a weaker recovery than anticipated, in addition to the continuing impact of the COVID-19 pandemic on our customers' operations and financial condition, either of which may result in adverse impacts on the demand for loan, deposit and other financial services, delinquencies, defaults and counterparties' inability to meet credit and other obligations and the possible impairment of collectability of loans;
- factors that can impact the performance of our loan portfolio, including real estate values and liquidity in our primary market areas, the financial health of our commercial borrowers and the success of construction projects that we finance, including any loans acquired in acquisition transactions;
- the effect of monetary and other fiscal policies (including the impact of money supply and interest rate policies of the Federal Reserve Board) as well as disruption in the liquidity and functioning of U.S. financial markets, as a result of the COVID-19 pandemic and government policies implemented in response thereto, may adversely impact prepayment penalty income, mortgage banking income, income from fiduciary activities, the value of securities, deposits and other financial instruments, in addition to the loan demand and the performance of our loan portfolio, and the interest rate sensitivity of our consolidated balance sheet as well as reduce interest margins;
- changes in the federal, state, or local tax laws may adversely affect the fair values of net deferred tax assets and obligations of state and political subdivisions held in Park's investment securities portfolio and otherwise negatively impact our financial performance;
- the impact of the results of the 2020 U.S. elections, including on the regulatory landscape, capital markets, tax policy, infrastructure spending and social programs;
- changes in consumer spending, borrowing and saving habits, whether due to changes in retail distribution strategies, consumer preferences and behavior, changes in business and economic conditions (including as a result of the COVID-19 pandemic and reactions thereto), legislative and regulatory initiatives (including those undertaken in response to the COVID-19 pandemic), or other factors may be different than anticipated;
- changes in unemployment levels in the states in which Park and our subsidiaries do business may be different than anticipated due to the continuing impact of the COVID-19 pandemic;
- changes in customers', suppliers', and other counterparties' performance and creditworthiness may be different than anticipated due to the continuing impact of and the various responses to the COVID-19 pandemic;
- Park may have more credit risk and higher credit losses to the extent there are loan concentrations by location or industry of borrowers or collateral;
- the volatility from quarter to quarter of mortgage banking income, whether due to interest rates, demand, the fair value of mortgage loans, or other factors;
- the adequacy of our internal controls and risk management program in the event of changes in the market, economic, operational (including those which may result from more of our associates working remotely), asset/liability repricing, legal, compliance, strategic, cybersecurity, liquidity, credit and interest rate risks associated with Park's business;
- competitive pressures among financial services organizations could increase significantly, including product and pricing pressures (which could in turn impact our credit spreads), changes to third-party relationships and revenues, changes in the manner of providing services, customer acquisition and retention pressures, and our ability to attract, develop and retain qualified banking professionals;
- uncertainty regarding the nature, timing, cost and effect of changes in banking regulations or other regulatory or legislative requirements affecting the respective businesses of Park and our subsidiaries, including major reform of the regulatory oversight structure of the financial services industry and changes in laws and regulations concerning taxes, FDIC insurance premium levels, pensions, bankruptcy, consumer protection, rent regulation and housing, financial accounting and reporting, environmental protection, insurance, bank products and services, bank and bank holding company capital and liquidity standards, fiduciary standards, securities and other aspects of the financial services industry, specifically the reforms provided for in the Coronavirus Aid, Relief and Economic Security (CARES) Act and the follow-up legislation in the Consolidated Appropriations Act, 2021, the American Rescue Plan Act of 2021, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and the Basel III regulatory capital reforms, as well as regulations already adopted and which may be adopted in the future by the relevant regulatory agencies, including the Consumer Financial Protection Bureau, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, and the Federal Reserve Board, to implement the provisions of the CARES Act and the follow-up legislation in the Consolidated Appropriations Act, 2021, the provisions of the American Rescue Plan Act of 2021, the provisions of the Dodd-Frank Act, and the Basel III regulatory capital reforms;

- the ability to secure confidential information and deliver products and services through the use of computer systems and telecommunications networks, including those of Park's third-party vendors and other service providers, which may prove inadequate, and could adversely affect customer confidence in Park and/or result in Park incurring a financial loss;

- a failure in or breach of Park's operational or security systems or infrastructure, or those of our third-party vendors and other service providers, resulting in failures or disruptions in customer account management, general ledger, deposit, loan, or other systems, including as a result of cyber attacks;
- the existence or exacerbation of general geopolitical instability and uncertainty as well as the effect of trade policies (including the impact of potential or imposed tariffs, a U.S. withdrawal from or significant renegotiation of trade agreements, trade wars and other changes in trade regulations and changes in the relationship of the U.S. and its global trading partners);
- the impact on financial markets and the economy of any changes in the credit ratings of the U.S. Treasury obligations and other U.S. government-backed debt, as well as issues surrounding the levels of U.S., European and Asian government debt and concerns regarding the growth rates and financial stability of certain sovereign governments, supranationals and financial institutions in Europe and Asia and the risk they may face difficulties servicing their sovereign debt;
- our litigation and regulatory compliance exposure, including the costs and effects of any adverse developments in legal proceedings or other claims and the costs and effects of unfavorable resolution of regulatory and other governmental examinations or other inquiries;
- continued availability of earnings and excess capital sufficient for the lawful and prudent declaration of dividends;
- the impact on Park's business, personnel, facilities or systems of losses related to acts of fraud, scams and schemes of third parties;
- the impact of widespread natural and other disasters, pandemics (including the COVID-19 pandemic), dislocations, regional or national protests and civil unrest (including any resulting branch closures or damages), military or terrorist activities or international hostilities on the economy and financial markets generally and on us or our counterparties specifically;
- any of the foregoing factors, or other cascading effects of the COVID-19 pandemic that are not currently foreseeable, could materially affect our business, including our customers' willingness to conduct banking transactions and their ability to pay on existing obligations;
- the effect of healthcare laws in the U.S. and potential changes for such laws, especially in light of the COVID-19 pandemic, which may increase our healthcare and other costs and negatively impact our operations and financial results;
- risk and uncertainties associated with Park's entry into new geographic markets with our recent acquisitions, including expected revenue synergies and cost savings from recent acquisitions not being fully realized or realized within the expected time frame;
- the discontinuation of the London Inter-Bank Offered Rate (LIBOR) and other reference rates which may result in increased expenses and litigation, and adversely impact the effectiveness of hedging strategies;
- and other risk factors relating to the banking industry as detailed from time to time in Park's reports filed with the SEC including those described in "Item 1A. Risk Factors" of Part I of Park's Annual Report on Form 10-K for the fiscal year ended December 31, 2020.
